

Welcome to Copper Mill Elementary!  
(Home of the Colts)

We are excited that you have chosen to be part of one of the top ranked school districts in the state. Our school has been established to meet the educational needs of students in grades fourth through fifth within the Zachary Community School District. The strength of our school is found in our faculty, families, and community. It takes the effort of everyone to enable our children to be productive citizens. Students, parents, teachers, and administrators must work together to achieve this common goal. Theories in education have come and gone for many years, but the ingredient for success has not changed. Where learning is achieved, students are motivated and responsible, teachers are prepared and concerned, and parents and administrators are involved and supportive. If I can be of assistance as we partner together, please do not hesitate to contact me. Welcome to the Copper Mill team!
